2003 OHL PRIORITY SELECTION

Player Eligibility

North American players born between January 1, 1984 and December 31, 1987 from protected OHL territories are eligible for selection in the 15 rounds of the 2003 OHL Priority Selection.

Selected Players in the OHL

OHL Member Teams shall be eligible to dress and play for the entire 2003-04 playing season their first two 16 year old players selected in the OHL Priority Selection, or any 16-year-old player selected in one of the first two rounds of the OHL Priority Selection.

In addition, OHL Member Teams are eligible to dress and play one additional 16-year-old player that is selected in any other round of the OHL Priority Selection.

All other 16-year-old players selected are eligible to be called up as an “affiliated player” or “floating affiliate player” for a maximum of 10 games between the period of October 15 and the conclusion of the World Junior Hockey Championships or for any OHL regular season or playoff games when such player’s team has been eliminated from competition for that season.

Order of Selection

The order of selection is determined by inverse order of finish during the past OHL regular season schedule of games with non-playoff teams selecting ahead of playoff teams.

The following is the complete order of selection as of April 30, 2003. Please note that teams are permitted to trade selections, other than their first round selection, during the draft selection trading period from Monday April 28 to Friday May 2, 2003 at 3:00 p.m.

OHL CENTRAL SCOUTING

The Central Scouting Bureau of the Ontario Hockey League is an information service and support organization designed to provide the Member Teams with a reference in regards to the players available for selection in the annual "Priority Selection Process."

The primary objective of OHL Central Scouting is to identify, rate and rank players to be eligible for the Priority Selection, according to their OHL potential.

OHL Member Teams combine player data received from the Central Scouting Bureau with evaluations from their team scouting staffs to make their player selections.

The OHL Central Scouting Bureau has been evaluating players since the 1975-76 season.
