

Dear Kingston Frontenacs Hockey Fans,

Your team is now offering season ticket packages for the 2021-22 Ontario Hockey League season which is scheduled to start on Thursday, October 7, 2021.

KFL&A Public Health, the City of Kingston and the Kingston Frontenacs are confident that if our community continues to get vaccinated, season ticket holders and fans will be enjoying hockey in the stands at the Leon's Centre this fall.

Let's all continue to do our part in keeping our community safe so we can get back to doing the things we love, like cheering on the Frontenacs!

Sincerely,

Dr. Kieran Moore

Former Medical Officer of Health at KFL&A Public Health
